CASSVILLE MAN ON SHIPPING BOARD

James Talbert, Barry County Republican, Named On Important Board To Represent Dept. of Interior.

Washington, April 20.—James Talbert of Cassville, Mo., will be nominated by President Harding for member of the United States Shipping board, representing the interior, the position now held by Charles Sutter of St. Louis, it was understood here tonight both by Talbert's friends and backers as well as by some of his rivals for the appointment. The office pays \$12,000 a year.

Talbert comes from Representative I. V. McPherson's district. McPherson said tonight he had an intimation from a reliable source that Talbert was to be appointed, while Colonel Charles R. Forbes of Washington State, who has been a candidate from the Pacific Coast district, also says Talbert has been decided upon. Presumably Colonel Forbes had first-hand information.

Senator Spencer strongly recommended Talbert to President Harding yesterday as one of the men behind whom the Missouri delegation stands solid.

THE TWO EXTREMES

One day, a few months ago, a man was in the bank, to close up one of the largest deals we ever helped to handle.

While we were busy with this important work, a small boy came to deposit the pennies from his little toy safe. Both of these patrons were given prompt and careful service.

What could better illustrate the fact that we are ready to serve all the people—no matter what age or the nature of their business.

That small boy with his pennies may some day be one of the largest depositors of this bank—who knows? At any rate it is our plan to give all patrons prompt and careful attention.

PUPILS FROM JOPLIN, SPRINGFIELD AND CARTHAGE WIN

The prizes in the Music Contest that was held Wednesday at Springfield were all won by Springfield, Joplin and Carthage, except that Ash Grove won a place in the Girls' quartette. About fifteen high schools competed. The contestants in all events were judged according to a scale of points in which the determining factor was technique. This gave a great advantage to those students in the cities who have studied for many years under special music teachers.

The Monett High school was represented by Helen Nordin of the Senior class, who played in the piano contest, using Lechetsky's Arabesque en forme d'Etude; by Frieda West, a sophomore, in the violin contest; and by Noveta Brown, a sophomore, and Ethel Poole and Edith Wood, freshmen, in the vocal solo contest. All these young ladies made an excellent showing and reflected credit upon themselves and upon their school.

The contest this year was very hard fought. There were 25 entries in the vocal solo group, 12 in the piano group, and 10 in the violin group. Five of the piano contestants were pupils of Professor Calhoun of Carthage, one of whom won first place. Professor Peterson of Aurora had nine pupils in the solos.

WM. MEAGHER TRIAL IN PROGRESS

Defendant is Charged with Selling Liquor to Clinton Bennett for a Beverage. Trial by Jury.

The trial of Wm. Meagher, charged with selling whiskey to Clinton Bennett on April 12, is being tried before J. L. Hobbs at the city hall today.

T. D. Steele represents the defendant and F. P. Sizer and H. A. Gardner are assisting J. T. Burgess, city attorney, in the prosecution. Emory Smith, county attorney and United States Marshal Gibbs, of Joplin, are also present.

The jury consists of J. L. Greer, Ed McMillen, W. S. Taylor, Oliver Gulek, A. H. Cox and Wesley Bradford.

Among the witnesses to be examined at Clinton Bennett, Webster Bennett, Leo Mansfield, James King, Spencer Pannell, Pete Martin, Kirk Wood, Jack Jones and others.

Clinton Bennett was the first witness called and up to noon the examination had been conducted by F. P. Sizer, only.

"Mr. Bennett testified that he had been living at Wilson and Ardmore, Okla. That he was 27 years old. He had known Wm. Meagher for the past fifteen or sixteen years. He said he had bought liquor of the defendant at different times since the dry law went into effect.

He testified that he had bought liquor in October, 1920, April 2, 6, 9 and 12, 1921. He produced as evidence two cancelled checks which he said he gave to Mr. Meagher for whiskey. One was for a half pint for the amount of \$2.50 and the other was for a pint for which he paid \$5.00.

On April 12 he went to Mr. Meagher's place and bought two drinks, paying 75 cents for each drink. He said they were very intoxicating. In twenty minutes after he took the last drink, he was intoxicated.

Bennett drove around town while in this condition, collided with several cars and was arrested and placed in jail. The next morning he was taken before the police judge and received a fine of \$100.

On being asked the procedure to get liquor at Billy's Place, Bennett said that the corn whiskey was usually kept in a black traveling bag in Mr. Meagher's private office. That the door had a yale lock on it and it would lock when the door closed. He said the liquor was dispensed in this place, either in bottles or by the drink.

Later—the prosecution presented as witnesses Floyd Thomas and Dewey Cress, who testified that they had bought liquor of Mr. Meagher.

HYDE COMPLETES SIGNING OF BILLS

Civil Salary Bill, Carrying \$1,622,700, Among Appropriation Measures.

Governor A. M. Hyde late tonight completed the signing of bills passed by the last legislature. The measures to which he attached his signature included the pending appropriation bills, among them the civil salary bill carrying \$1,622,700 and the court salary bill carrying \$755,000.

The governor held up an item providing for \$200,000 to provide pensions for Confederate veterans during the next two years, but passed an item of \$275,000 giving them back pension funds as now provided by statute.

He vetoed the chiropractic bill and refused to pass an appropriation item of \$50,000 for county fairs. He also vetoed an item providing pay for holdover democratic clerks of the 1919 legislature on the ground that services performed did not warrant the sums involved.

The governor also vetoed the amendment to the corporation franchise tax law on the ground that the amendment, as passed, would make the entire law unconstitutional.

The governor announced that fourteen other bills passed by the legislature would not be signed by him, but would be permitted to die by the statute of limitations. He did not indicate what the bills were, beyond stating that they were of a minor nature.

The measure creating a fund of \$15,000,000 for the creation of post roads in Missouri was one of the measures to receive the governor's approval.

The civil salary bill provides salaries for state officers during the next biennium and the court salary bill for judges of the supreme court and for sixty-five circuit judges.

Wm. Fritz, of R. F. D. 3, was in town on business Thursday morning and renewed his subscription to The Times. Mr. Fritz thinks his wheat was damaged very little by the last freeze but that the oats were damaged considerably.

JESSIE BURRALL SPEAKS AT MONETT

Miss Jessie L. Burrall, former Chief of School Service of the Geographic Magazine, and now in charge of the religious education at Stephens College at Columbia, was in town Wednesday at the urgent solicitation of Monett people, who wished to hear her. Miss Burrall was attending the Baptist Missionary Society convention at Aurora.

Miss Burrall spoke to the girls at the high school in the morning, was the honor guest at the Baptist church at a luncheon at noon, spoke to the junior high school girls at 2:30 and then addressed a large audience of women from all the churches at the Methodist church at 3 o'clock.

Miss Burrall has a wonderful personality, is deeply religious and thoroughly practical. She is a charming speaker and imbues her audiences with something of her own deep religious convictions and inspires to a practical application of religious principles.

She made a deep impression on all her audiences and it is hoped that she may be secured later on to give a series of monthly Bible lessons at this place and Aurora.

Miss Burrall believes that the religious education of the young is sadly neglected. Bible reading in the home is almost a thing of the past. She believes that religion should be lived by every day in cultivating good habits, controlling the temper, kindness, and all the virtues. She says that it is hard work to be religious and that it takes practice to be religious in the same manner that it does to learn to play a violin.
